

ADMINISTRATION ESSENTIALS FOR EXPERIENCED ADMINS

OVERVIEW

Comprehensive and hands-on, this course is for administrators who are ready to significantly ramp up their skills and knowledge about using Salesforce to solve their most pressing business needs. Using real-world scenarios, Administration Essentials for Experienced Admins covers topics such as extending Salesforce with custom objects and apps, generating complex reports and dashboards, and automating complex business processes to help you work more efficiently and get more out of Salesforce.

WHO SHOULD TAKE THIS COURSE?

Administration Essentials for Experienced Admins is designed for:

- Administrators with at least six months of experience using Salesforce; and/or Administrators who have completed the Administration Essentials for New Admins course

WHEN YOU COMPLETE THIS COURSE, YOU WILL BE ABLE TO:

- Determine and implement appropriate data access and visibility settings
- Manage configuration changes in a sandbox environment and move data between environments using change sets
- Extend the functionality of your implementation with custom objects and apps
- Extend your reporting to provide up-to-date views of your business
- Customize the Salesforce1 app and create quick actions to increase efficiency
- Improve data quality so that the ongoing task of data maintenance is not so overwhelming
- Implement complex business processes using work flow rules, processes, approval processes, and flows.

DURATION

- 4 days

DELIVERY FORMAT

- Classroom

CERTIFICATION

Administration Essentials for Experienced Admins is recommended as preparation for the Salesforce Certified Advanced Administrator exam.
