

Chapter 3:

Level 4 Readiness Assessment

Get a gut check on whether your agentic enterprise is ready to move up on the maturity model with these questions

Answer YES or NO first. If you answer YES, identify the agents involved and describe how it's working today.

PILLAR	QUESTIONS	YES / NO	AGENTS + DETAILS
CONNECT Communication	Can any agents exchange information today without a human relaying it? If so, which ones?	YES NO	Agent(s) involved:
	Do they use a shared protocol, or is every integration built individually?	YES NO	
MAKE VISIBLE Discovery	Could someone new to your organization find out what every agent does and what it touches, right now, without asking five different people?	YES NO	Agent(s) involved:
	Where does that information live?	YES NO	
GOVERN Governance	When an agent acts for a user, do the user's identity and access permissions carry through every system involved?	YES NO	Agent(s) involved:
	Is there one place you can audit any agent action afterward?	YES NO
