SALESFORCE EVENTS PRIVACY STATEMENT

Last updated: September 2021

At salesforce.com, inc., trust is our #1 value. The Salesforce Events mobile app (the “App”) helps visitors, attendees, and participants navigate Dreamforce 2021 (the “Event”), share their experiences, and connect to and engage with others using the App (“Users”) .

A reference to “Salesforce,” “we,” “us” or the “Company” is a reference to salesforce.com, inc. The App and the Services exclude information obtained by Salesforce from publicly available sources or its third party content providers (“Content”) and any Web-based, mobile, offline or other software application functionality that interoperate with the App that is provided by a User or a third party and/or listed on an online directory, catalog or marketplace of applications that interoperate with the App (“Non-SFDC Application”). “Personal Data” means data that identifies or relates to an identifiable individual.

This Privacy Statement describes how Salesforce processes Personal Data that it collects on its own behalf from or through the App. For the avoidance of doubt, Salesforce is the controller of this Personal Data, meaning that we determine how and why it is processed. Furthermore, this Privacy Statement applies solely to our processing of this Personal Data.
