

Premier Success Plans

BLAZE YOUR PATH TO SUCCESS, FASTER

Customer success is a top priority at Salesforce. That's why every customer gets a Standard Success Plan for online guidance, support and training. For an even greater return on investment, our most successful customers take advantage of our next-level Premier Success Plans.

Sounds Great! How Does Premier do it?

By helping you start strong with Salesforce and keep your org healthy and happy for the long run. No matter which Salesforce solution you have (Sales Cloud, Service Cloud, Pardot, etc.), Premier is designed to help you achieve 3 BIG goals that are key to achieving real success:

Drive Adoption:

Access exclusive success programs and 1-on-1 engagements through Accelerators & Success Managers to provide you with best practices, adoption strategies, proactive recommendations, and release readiness.

Get Support:

Get direct access to our highly skilled Support team for expert answers fast - whether you have how-to questions, technical issues, or need to troubleshoot code.

Boost Productivity:

Extend your team's capacity and achieve maximum Salesforce ROI with Premier's fast, expert, and personalized experience.

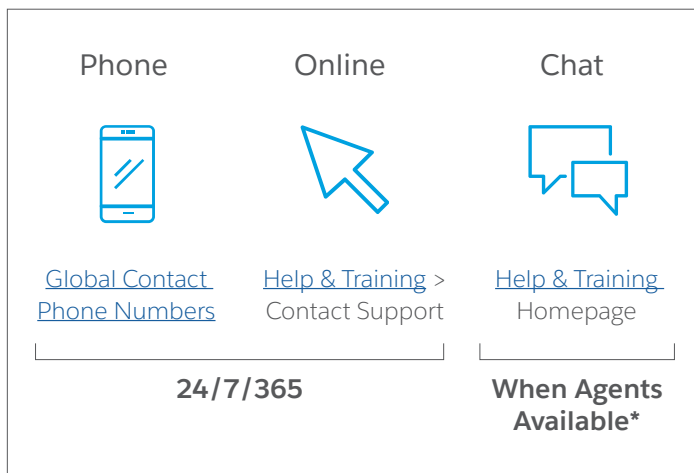

*"Premier allowed us to **accelerate our success** with Salesforce."*

How Do I Get Support?

Pro Tip:

Right when you get started, set up your [Designated Contacts](#) and find your Premier passcode, so you get a *faster, direct connection* to the right team of experts when you need to contact Support.

For more pro tips and resources, explore the [Premier Toolkit](#), your go-to for all things Premier.

Response Levels for Support:

1-Hour Response: Severity 1: Critical - Production issue affecting all users; system unavailability; data integrity issues

2-Hour Response: Severity 2: Urgent - Persistent issue affecting many users; major functionality impacted; significant performance degradation

4-Hour Response: Severity 3: High - System performance issue or bug affecting some but not all users

8-Hour Response: Severity 4: Medium - Inquiries about routine technical issues; information requests on application capabilities, navigation, installation, or configuration

Weekends and holidays excluded from Standard Support and Premier's Severity 3 and 4 Support.

*Chat is not available with Pardot or Marketing Cloud.

Premier Accelerators

Tackle your business challenges, achieve greater ROI, and reach success faster with Accelerators. These 1-on-1 coaching sessions with Salesforce experts help you take advantage of the newest features, drive adoption, and increase your team's productivity.

"We needed to add 600 fields for an implementation. At the time we had 1 Salesforce admin for all 200+ of our users. This would have been impossible to complete alone."

*Melissa Grammatico
CRM Product Solutions Administrator*

How Do I Request Configuration Services?

Designated Contacts: Go to [Help & Training](#) > Contact Support > Configuration Services > Select Your Goal (e.g. Setup/Customization or Data Management) > Fill out the form with your specific requirements.

Premier Developer Support

Get fast access to expert resources to help with Apex, API integration, AMPscript, and Visualforce code, so you can maximize admin and developer productivity.

"Premier+ Developer Support team saved me 10 hours just yesterday. Even in research and development, they save us weeks' worth of work."
