

GETTING STARTED: SALESFORCE MOBILE:

Platform Fast Start

Start working smarter with Salesforce mobile apps.

Learn how to use all of our mobile apps to reach your goals. This Accelerator will give you an overview of over 10 apps, including Salesforce for iOS and Android, the app that lets you run your business from your phone. Our experts will help you find the best apps for your business and share best practices for rolling them out. We'll also recommend other Accelerators that can help you boost mobile use and adoption.

What it can do for you

- Empower your users to run your business on mobile using the Salesforce mobile platform.
- Improve your Salesforce adoption by providing mobile access to your users.
- Jump-start your mobile journey and look for a clear understanding of the capabilities of the Salesforce mobile app portfolio.

How It Works

A Certified Specialist will guide you through the process via three calls totaling 2.5 hours over 3 weeks.

Discovery

- Review your Salesforce app landscape and mobile user base
- Identify your high-level mobile use case
- Review your in-house mobile development and rollout capabilities

Delivery

- Provide you with a detailed walkthrough of the Salesforce mobile portfolio, focused on how they can help your use cases.
- Share with you how other customers have successfully rolled out Salesforce mobile apps.
- We'll help you build an Accelerator journey from among our other Salesforce mobile Accelerators.

Outcomes

- Faster roll out of Salesforce mobile apps
- Learn how to educate customer teams to better use mobile apps.
