

SALES CLOUD ADMINISTRATION: PRODUCTS, QUOTES, ORDERS & COLLABORATIVE FORECASTS

OVERVIEW

Sales Cloud Administration: Products, Quotes, Orders, and Collaborative Forecasts is a must for all administrators who need to configure and maintain these features for their organizations. Using real-world scenarios, this course will teach administrators how to set up products, price books, quotes, and orders to streamline their processes. This course will also teach administrators how to configure Collaborative Forecasts to generate accurate forecasts and track quota attainment.

WHO SHOULD TAKE THIS COURSE?

Sales Cloud Administration: Products, Quotes, Orders, and Collaborative Forecasts is designed for:

- Administrators with at least six months of experience using Salesforce; and/or
- Administrators who have completed the Administration Essentials for New Admins course

CERTIFICATION

Sales Cloud Administration: Products, Quotes, Orders, and Collaborative Forecasts is recommended as preparation for the Sales Cloud Application objectives on both the Salesforce Certified Advanced Administrator and Sales Cloud Consultant exams.
