- **Android Open Source Project**

For the purposes of licensing, the content of this web site is divided into two categories:

Documentation content, including both static documentation and content extracted from source code modules, as well as sample code, and All other site content

The documentation content on this site is made available to you as part of the [Android Open Source Project](#). This documentation, including any code shown in it, is licensed under the [Apache 2.0 license](#), the preferred license for all parts of the of the Android Open Source Project.

Apache 2.0 is a commercial and open-source-friendly software license. The majority of the Android platform and documentation is licensed under the Apache 2.0 license. While the project strives to adhere to the preferred license, there may be exceptions, such as for documentation (code comments) extracted from a source code module that is licensed under GPLv2 or other license. In those cases, the license covering the source code module will apply to the documentation extracted from it.

Third-party components of this site such as JavaScript libraries are included in the Android Open Source Project under the licenses specified by their authors. For information about these licenses, refer to the source files in the Android Open Source Project.

All other content on this site, except the license documents themselves and as otherwise noted, is licensed under the [Creative Commons Attribution 2.5](#) license.

You may use the content of this site in any way that is consistent with the specific license that applies to the content, as described above. For content licensed under Creative Commons Attribution 2.5, we ask that you give proper [attribution](#).
