Pardot Notices and License Information
Published: March 9, 2021

Services Covered
The information in this document is applicable to the services branded as Pardot (the “Pardot Services”) provided by salesforce.com, inc. and/or its affiliates, (collectively, “Salesforce”). Customers may choose to use related products and features branded as Pardot Einstein; these features run across two infrastructures, the infrastructure described by this Documentation, and the infrastructure described by the Einstein Platform Documentation, as further described in the Einstein Platform Documentation.

Purpose of This Documentation
This documentation describes features, restrictions and notices associated with any:
- information sourced from third parties and provided to users via the Pardot Services;
- Pardot Services functionality that allows users to interact with social media and other websites; and
- desktop and mobile device software applications provided in connection with the Pardot Services.

See your Order Form(s) for additional terms that may apply to your use of the Pardot Services.

Customer Data
This Documentation does not modify salesforce.com's obligations with respect to any data submitted by customers to salesforce.com services (“Customer Data”) as defined in Salesforce’s Master Subscription Agreement.

Acceptable Use and External-Facing Services Policy
The Pardot Services are subject to the Acceptable Use and External-Facing Services Policy, as applicable.

MFA Requirement for Using the Pardot Services
Starting February 1, 2022, Salesforce will begin requiring customers to enable Multi-Factor Authentication (MFA) for all Pardot Services. Customer must satisfy the MFA requirement by either: (1) enabling Multi-Factor Authentication for all users who log in to Customer’s Pardot Services through the user interface or (2) ensuring MFA is enabled for all users who use Single Sign-On (SSO) to access Customer’s Pardot Services, by using the SSO provider’s MFA services or, where supported, by turning MFA on in Salesforce products. Further information on MFA, including acceptable verification methods for MFA, can be found here.

Restricted Uses of Information

Important:

- Information provided to customers via the Pardot Services may not be used to generate or facilitate unsolicited commercial email (spam), for example in violation of the U.S. CAN-SPAM Act or any other applicable anti-spam law; to impersonate another person or his, her or its email address; to create false accounts for the purpose of sending spam; or to send email to individuals who have requested to be removed from a mailing list.
- Information provided to customers via the Pardot Services may not be used for any purpose related to establishing an individual’s eligibility for credit, employment or insurance, or for any
other consumer-initiated transaction, for example as such terms are defined in the U.S. Fair Credit Reporting Act or any similar law.

Additional restricted uses of information provided to customers via the Pardot Services may be found at http://www.pardot.com/company/legal/; physical copies may be executed upon Customer’s request.

Third-Party Platforms
The Pardot Services allow users to interact with social media and other websites, including websites operated by or on behalf of a customer of the Pardot Services (collectively “Third-Party Platforms”).

- Customers must enable the Pardot Services to access their Third-Party Platform accounts.
- The Pardot Services may access, collect, process, and/or store information or content from Third-Party Platform accounts (including information otherwise classified as Customer Data under a customer’s agreement with salesforce.com).
- Customers are solely responsible for any material their users provide to any Third-Party Platform.
- Customers are solely responsible for any information accessed by their users or any third party from any Third-Party Platform.
- Customers are solely responsible for their users’ interactions or communications with third parties through any Third-Party Platforms.
- Customers are solely responsible for any transactions relating to a separate agreement or arrangement between customers or their users and any Third-Party Social Platform provider or website.
