Quip Notices and License Information
Published: January 17, 2020

Services Covered
This Documentation is applicable to the services branded as Quip and the Quip mobile applications (collectively, the “Quip Services”) provided by salesforce.com, inc. and/or its affiliates (collectively, “Salesforce”).

Purpose of this Documentation
This Documentation describes features, restrictions and notices associated with any:

- information sourced from third parties or public sources and provided to users via the Quip Services;
- Quip Services functionality that allows users to interact with social media and other websites; and
- desktop and mobile device software applications provided in connection with the Quip Services.

See your Order Form(s) for additional terms that may apply to your use of the Quip Services.

Customer Data
This Documentation does not modify Salesforce’s obligations with respect to Customer Data as defined in Salesforce’s Master Subscription Agreement.

Third Party Platforms
The Quip Services, including the Quip “Live App” platform, allow users to interact with third-party products, services and platforms, including Non-Salesforce.com Applications, websites, products, services and platforms operated by or on behalf of a customer of the Quip Services (collectively “Third-Party Platforms”). Integrations with the following Third-Party Platforms may be available to Customers through use of the Quip Services. To the extent applicable, Customer’s use of such third party applications must comply with the additional terms and policies noted below:

- Basecamp API: Customer’s use of the Basecamp API functionality must comply with the terms governing Customer’s Basecamp account, including the Basecamp Terms of Service;
- Box API: Customer’s use of the Box API functionality must comply with the terms governing Customer’s Box account, including the Box Terms of Service;

● Twitter App: Customer’s use of the Twitter App functionality must comply with the terms governing Customer’s Twitter account, including the Twitter Terms of Service;
● Unsplash App: Customer’s use of the Unsplash App functionality must comply with the terms governing Customer’s Unsplash account, including the Unsplash Terms & Conditions; and
● Zapier App: Customer’s use of the Zapier App functionality must comply with the terms governing Customer’s Zapier account, including the Zapier Terms of Service.

Distributed Software
Please see the Open Source section of the Trust and Compliance Documentation website for notices required by licensors related to the Quip Services desktop and mobile applications and any other offline components associated with the Quip Services.

Acceptable Use and External-Facing Services Policy
The Quip Services may be used for advertising, sending electronic messages or for the creation and hosting of, or for posting material on, external-facing websites, and thus the Quip Services are subject to Salesforce’s Acceptable Use and External-Facing Service Policy.

Interoperation with Other Services
The Quip Services may interoperate or integrate with other services provided by Salesforce or third parties. Live Apps purchased or obtained by customers may be Non-SFDC Applications and provided by third parties. The Notices and License Information documentation for such services provided by Salesforce is available in the Trust and Compliance Documentation.
