Salesforce Anywhere (including Quip) Notices and License Information
Published: June 15, 2021

Services Covered
This Documentation is applicable to the services branded as Salesforce Anywhere (including Quip and the Quip mobile applications) (collectively, the “Covered Services”) provided by salesforce.com, inc. and/or its affiliates (collectively, “Salesforce”).

Purpose of This Documentation
This Documentation describes features, restrictions and notices associated with any:

- information sourced from third parties or public sources and provided to users via the Covered Services;
- Covered Services functionality that allows users to interact with social media and other websites; and
- desktop and mobile device software applications provided in connection with the Covered Services.

See your Order Form(s) for additional terms that may apply to your use of the Covered Services.

Customer Data
This Documentation does not modify Salesforce’s obligations with respect to Customer Data as defined in Salesforce’s Master Subscription Agreement.

MFA Requirement for Using the Covered Services
Starting February 1, 2022, Salesforce will begin requiring customers to enable Multi-Factor Authentication (MFA) for all Covered Services, unless otherwise approved by Salesforce in accordance with Salesforce internal policies and procedures. Customer must satisfy the MFA requirement by either: (1) enabling Multi-Factor Authentication for all users who log in to Customer’s Covered Services through the user interface or (2) ensuring MFA is enabled for all users who use Single Sign-On (SSO) to access Customer’s Covered Services, by using the SSO provider’s MFA services or, where supported, by turning MFA on in Salesforce products. Further information on MFA, including acceptable verification methods for MFA, can be found here.

Third-Party Platforms
The Covered Services, including the Quip “Live App” platform, allow users to interact with third-party products, services and platforms, including Non-SFDC Applications, websites, products, services and platforms operated by or on behalf of a customer of the Covered Services (collectively “Third-Party Platforms”). Integrations with the following Third-Party Platforms may be available to Customers through use of the Covered Services. To the extent applicable, Customer’s use of such third-party applications must comply with the additional terms and policies noted below:

- **Basecamp API**: Customer’s use of the Basecamp API functionality must comply with the terms governing Customer’s Basecamp account, including the [Basecamp Terms of Service](#);
- **Box API**: Customer’s use of the Box API functionality must comply with the terms governing Customer’s Box account, including the [Box Terms of Service](#);
- **Confluence API**: Customer’s use of the Confluence API functionality must comply with the terms
governing Customer’s Confluence account, including those made available via the Atlassian Legal Terms Page;

- Dropbox API: Customer’s use of the Dropbox API functionality must comply with the terms governing Customer’s Dropbox account, including the Dropbox Terms of Service;
- Evernote API: Customer’s use of the Evernote API functionality must comply with the terms governing Customer’s Evernote account, including those made available via the Evernote Legal Terms Page;
- Giphy App: Customer’s use of the Giphy App functionality must comply with the terms governing Customer’s Giphy account, including those that may be made available via the Giphy website;
- GitHub System: Customer’s use of GitHub functionality must comply with the terms governing Customer’s GitHub account, including the GitHub Terms of Service;
- Google Drive API: Customer’s use of the Google Drive API functionality must comply with the terms governing Customer’s Google account, including the Google Drive API Terms of Service;
- Jenkins App: Customer’s use of the Jenkins App functionality must comply with the terms governing Customer’s Jenkins account, including those made available via the Jenkins website;
- PagerDuty App: Customer’s use of the PagerDuty App functionality must comply with the terms governing Customer’s PagerDuty account, including the PagerDuty Terms of Use;
- Slack App: Customer’s use of the Slack App functionality must comply with the terms governing Customer’s Slack account, including those made available via the Slack Terms of Service Page;
- Stripe App: Customer’s use of the Stripe App functionality must comply with the terms governing Customer’s Stripe account, including those that may be made available via the Stripe Privacy Policy & Terms Page;
- Twitter App: Customer’s use of the Twitter App functionality must comply with the terms governing Customer’s Twitter account, including the Twitter Terms of Service;
- Unsplash App: Customer’s use of the Unsplash App functionality must comply with the terms governing Customer’s Unsplash account, including the Unsplash Terms & Conditions;
- Zapier App: Customer’s use of the Zapier App functionality must comply with the terms governing Customer’s Zapier account, including the Zapier Terms of Service; and
- Bitmoji (provided by Snap Inc.): Customer’s use of the Bitmoji functionality must comply with the terms governing Customer’s Snap account (which covers Bitmoji), including the Terms of Service applicable to the Customer’s region.

Distributed Software
Please see the Salesforce Open Source Notices website for any additional notices required by licensors related to the Covered Services desktop and mobile applications and any other offline components associated with the Covered Services.

Acceptable Use and External-Facing Services Policy
The Covered Services may be used for advertising, sending electronic messages or for the creation and hosting of, or for posting material on, external-facing websites, and thus the Covered Services are subject to Salesforce’s Acceptable Use and External-Facing Service Policy.

Interoperation with Other Services
The Covered Services may interoperate or integrate with other services provided by Salesforce or third parties. Live Apps purchased or obtained by customers may be Non-SFDC Applications and provided by third parties. The Notices and License Information documentation for such services provided by Salesforce is available in the Trust and Compliance Documentation.
