

How to select the right Salesforce Lightning edition

Today's customers want faster, more responsive service across every channel, and on any device – and they want it now. Service Cloud Lightning empowers your agents with a complete set of productivity tools to deliver faster, smarter, and more personalized customer service for every customer anytime, anywhere.

Best of all, it's easy to use and customizable to the way you work. And, because it's all in the cloud, everyone can access Service Cloud Lightning with just an Internet connection – there's no need for expensive hardware or software. Did we mention flexibility? With Service Cloud Lightning, you can simply add more seats or upgrade to another edition that has more features when your call center grows. There's no disruption to your business because we take care of everything behind the scenes.

“With Service Cloud, we can handle 100% of customer cases in real time from anywhere.”
